SIDES

What is the State Information Data Exchange System (SIDES)? It's a convenient and secure way for you to electronically respond to requests for information in regards to unemployment insurance benefit claims for your clients. Developed by the U.S. Department of Labor and the National Association of State Workforce Agencies (NASWA), SIDES E-Response provides a nationally standardized format for responding to UI information requests.

UI eServices for Employers (eServices) acts as a doorway into the SIDES E-Response portal. By participating in SIDES E-Response through *eServices*, you will receive email notifications when there is a request waiting for you to complete. Simply log in to *eServices* and navigate to the SIDES Request tab (under Benefits). You'll see any requests waiting for you and be able to navigate into the SIDES E-Response portal to respond.
